

# HPE RDX+ Removable Disk Backup System

A rugged, easy-to-use, affordable, USB powered removable backup solution

Delivers an easy-to-use, affordable, rugged, and USB powered removable backup solution for small businesses and remote offices with limited time, knowledge, or experience to dedicate to data protection.

Need a rugged, easy to use affordable, and reliable way to protect the data and systems critical to your small business or remote office?

The HPE RDX+ Removable Disk Backup System delivers an easy-to-use, affordable, and rugged data protection solution for personal computers, workstations and servers. Backups are simple and pain-free with drag and drop file access. Protect your entire system with the “hands-free” HPE RDX Continuous Data Protection software. HPE RDX+ provides reduced cost of ownership with long lasting removable disk cartridges and a forward and backward compatible docking station that does not require a costly upgrade for future, higher capacity cartridges. The RDX+ Removable Disk Backup System offers fast disk-based performance with the ability to store 320 GB, 500 GB, 1 TB, or 2 TB of data on a single removable disk cartridge at speeds of up to 360 GB/hr. Portable, durable, and rugged removable disk cartridges store your backups off site for complete data protection and peace of mind.

## Key features and benefits

### The simple way to protect your business data

- The HPE RDX+ Removable Disk Backup System supports drag and drop file access making backup as simple and convenient as a click of the mouse.
- For a hands-free backup experience use the HPE RDX Continuous Data Protection software designed for ease-of-use and complete workstation and server backup protection that is included with your purchase.
- Backup data at fast hard drive speeds (up to 360 GB/hr) and restore critical files in seconds instead of hours with random disk access providing reduced time spent on backups vs. a serial tape drive.
- Flexibly meets your budget and capacity requirements with a choice of 320 GB, 500 GB, 1 TB, or 2 TB removable disk cartridges. Scaling capacity is a simple matter of adding cartridges.

### Reduces total cost of protecting your business data

- The HPE RDX+ Removable Disk Backup System lowers ongoing media and upgrade costs with disk cartridges designed for long usage life.
- No need to replace the docking station as it is designed to work with all current and future higher capacity removable disk cartridges so the system is fully multi-generational.

### Simply and securely store backups off site for complete data protection

- The HPE RDX+ Removable Disk Backup System delivers rugged, portable, and durable removable disk cartridges that enable business critical backup data to be simply and securely taken off site for disaster recovery, archive, or data transfer.

- Reliable long-term data retention is enabled with docking stations specified for more than 10,000 load and unload cycles, and individual RDX cartridges specified for over 5,000 load and unload cycles delivering a long life expectancy.
- Protects data with a 1-meter drop spec for all HDD capacities.

### Flexibility to suit most small business environments

- The HPE RDX+ Removable Disk Backup System provides compatibility with a wide range of hardware and software products. It suits almost every small business or remote office-operating environment with its ease of use and flexibility. (Visit HPE Backup Compatibility for the latest information.)

## HPE RDX+ Removable Disk Backup System

### Technical specifications

<b>Capacity</b>	2 TB native 4 TB compressed Maximum, depending on model
<b>Transfer rate</b>	200 MB/s Compressed 2:1
<b>Load/unload cycles (cartridge)</b>	5,000 Minimum cartridge usage life
<b>Media compatibility</b>	HPE RDX 320GB Cartridge, HPE RDX 500GB Cartridge, HPE RDX 1TB Cartridge, and HPE RDX 2TB Cartridge Forward and backward compatibility for all current and future RDX cartridges and USB 2.0
<b>Host interface</b>	USB 3.0 port <sup>1</sup>
<b>Form factor</b>	5.25-inch, half-height (internal module)
<b>Cartridge robustness (shock, non-operating)</b>	RDX 320GB, RDX 500GB, RDX 1TB, RDX 2TB—1 m, 39.4-inch (3 feet) drop to tile over concrete floor
<b>Warranty (parts-labor-onsite)</b>	3/0/0

<sup>1</sup> Depending on model

## The total package

The HPE RDX+ Removable Disk Backup System is simpler to use than any other removable hard disk drive when used in conjunction with HPE RDX Continuous Data Protection software. HPE RDX Continuous Data Protection software has been specifically designed to provide the HPE RDX+ Removable Disk Backup System customers with a hands-free backup experience and complete workstation and server backup protection.

### Hands-free RDX Continuous Data Protection software

The HPE RDX+ Removable Disk Backup System offers free HPE RDX Continuous Data Protection software for near continuous, automatic, and complete server and workstation backup protection. Key features include near continuous data protection, file deduplication, bare metal restore, seamless cartridge rotation and archiving support, simple file recovery, complete backup coverage (Unlimited file versions, open files, application data user settings, and the complete operating system are all automatically backed up.), and comprehensive backup status updates.

## HPE Technology Services

Expert HPE storage consultants and service professionals sit down with you and your team to map your storage needs. Not only can we help you accelerate implementation and reduce deployment risk, but we can also

help you realize the full value of your storage purchases as you transform storage for the New Style of IT.

### Advice, transform, and integrate

Navigate through the complexities of storage, backup, archive, disaster recovery, and Big Data with advisory, transformation, and integration consulting.

### Deploy and implement

Access expertise to support deployment, operations, relocation, sanitization, and disposal, plus improvement-focused education.

### Operate and support

Find the level of personalized, proactive, and simplified support right for your business.

---

### Note

Specific service availability varies by product

---

### HPE Foundation Care

System-level IT hardware and software support delivers flexible coverage window and response time for more choice and simplicity.

### HPE Proactive Care

Combined reactive and proactive services provide easy-to-purchase, cost-efficient system-level support coupled with personalized expert advice and products connected to HPE to help prevent problems and reduce downtime.
